

2019 Health Screenings

Linn County is partnering with Health Solutions to offer **free health screenings** to all benefit-eligible employees. To be eligible for incentives in the Wellness Rewards Program, an annual health screening or physical must be completed. By participating, you can earn up to \$500!

Participants earn \$150 and 150 points for completing a health screening and consultation.

Initial \$150 payout will be awarded in October 2019.

How To Get Started...

Register your Wellness Portal Account

- Visit www.myhealthywithhsi.com/LinnCo
- Current Users - Login with your username & password
- New Users - Click 'Register' in the New User Box

 - Company: LinnCo
 - Member ID: Employee ID number
 - Gender, Date of Birth, E-mail address, and Telephone number
 - Click 'Register'
 - Set Username, Password and click 'Sign In'

While you're logged into your wellness portal...

Select Your Screening Option and Complete Next Steps

On-site Screening	Health Form	Weland or LabCorp Screening
On-site screenings are available at various Linn County locations. Schedule through your wellness portal or call Health Solutions. Please sign up two weeks in advance.	Download a Health Form for your medical provider to submit in lieu of completing a screening. Health Form data must be new from the last 12 months and the previous program.	Arrange a screening at a Weland or LabCorp location near you! Find locations and forms in your wellness portal. <i>NOTE: Weland Labs only completes lab draws; biometrics must be submitted separately.</i>

For your convenience, fasting for your screening is encouraged, but not required!

Drink plenty of water and follow a well-balanced diet.

For accurate results, avoid large portions and fried foods 24 hours prior to your appointment.

Alternatives for completing the incentive requirements are available upon request.

Visit your Health Solutions wellness portal to learn more.
